Marc,

I just got word that we are allowed to arrive to the Sherriff's Office room at 11 AM on 1/26. I am waiting for the new AV person (Don Beck) to call me back on some outstanding AV questions. Is there anything specific you would like me to ask? I'm happy to phone you into that conversation (hopefully soon - around 3 pm today 1/24).

Thank you, Marc. When hosting a webinar, it's always good to have a "technical contact" for people. Can I add your email as the contact? Or someone from your staff?

Yolanda

Yolanda,

Yes, the “access code” are the number to enter as the meeting ID when prompted after launching the Go-To-Meeting URL. I do not think that you have to manually type in the dashes. I think that they automatically populate.

Correct – to listen to the audio they would dial the teleconference number and enter the access code followed by the # sign at the prompt.

Thanks,

Marc

Marc,

Sorry for the multiple emails, I must have overlooked when you sent the information.

Can you help me understand what the “access code” is? Is this a code to tune in to the webinar?
If so, do they need to type in the dashes (-)?

Webinar URL: <https://global.gotomeeting.com/join/420217357>

Webinar Access code: 420-217-357

And, to confirm... someone would connect to the audio by

Teleconference Call-In Number: 866-324-4184

Teleconference Access Code: 600 4208

Here is the webinar link for our Meeting

I will send out an all points reminder, as soon as I get confirmation from ARC and waterboard on the final agenda.

See latest attached.

Lynda,

Below is a webinar link and conference call information for inclusion in the final meeting agenda/invite. I believe that EPA was going to check in with the Sherriff's Office to see if they could provide us access to their internet or a speaker phone (or outside land line) this year – any word back?

Leviathan Mine - Annual Technical Updates Meeting

Thu, Jan 26, 2017 12:30 PM - 5:00 PM Pacific Standard Time

Please join my meeting from your computer, tablet or smartphone.
